Registration has opened for the 10th Anniversary WOL Bike Ride benefiting the children of ALYN Hospital

Seven hundred riders from Israel and abroad are expected to set off on 1st November, 2009, for a five day journey. The riders will follow four different routes passing through the beautiful landscape of northern Israel. On the final day of the Ride a mass of hundreds of riders will leave the Modi'in Azrieli Shopping Mall and make the climb up to Jerusalem for the Grand Finale at ALYN Hospital. Why don't you join us?

ALYN Hospital - Israel's premier Pediatric and Adolescent Rehabilitation Hospital and an officially registered non-profit facility, is one of the world's leading specialists in the active and intensive rehabilitation of infants, children and adolescents, regardless of their religion or ethnic origin, who are afflicted with a broad range of physical disabilities. The ultimate aim of ALYN is to habilitate/rehabilitate the youngsters in its care and to return them to their families and to their community as soon as possible, having provided them with the skills to function as productive and where possible, independent citizens.
